

Redstar! Redstar!

She like this dick cause that shit ain't just average
All in her throat cause I love that bitch gaggin'
She like my life cause that shit ain't just average
David Blaine, I hit the streets with some magic
They wanna taste, but this shit ain't just average
They wanna taste, but this shit ain't just average
They wanna taste, but this shit ain't just average
They wanna taste, but this shit ain't just average
Sippin' and smokin', just some of my habits
Habitat, concrete and bullets and trapping
Bitch, I'm depressed, I could still be a savage
Bitch, I'm depressed, but I ain't moving backwards
They wanna taste, but this shit ain't just average
They wanna taste, but this shit ain't just average
They wanna taste, but this shit ain't just average
They wanna taste, but this shit ain't just average

I fuck a bitch like a young chiropractor
Adjustin' her back, and I do that shit backwards
I went to China came back to a trap
Red hunnids, blue hunnids, all this shit racks
Riverside, I put that shit on the map
Fuckin' hoes, I put a bitch on her back
Been had these blades, now I need me a strap
Cause some niggas be fake and they can't catch me lackin'
I crashed a bike, put a Audi in traffic
How you gon' try to come knock on my trappin'?
Bitch, I'm the hacker you know I can tap in
I pull yo name, and I'm findin' yo addy
Fly cross the map, just to pop out, I'm ready
Bitch, I got stripes on yo street like I'm Freddy
You talkin' gangsta, but lookin' spaghetti
You talkin' them grams, bitch you ain't talkin' fetti
If you wanna work, cut me a check, my nigga
I stay on my grind, I don't rest, my nigga
I'm in the streets with the best, my nigga
I'm in these fuckin' streets with the rest, my nigga
4251 be the muthafuckin' set, bitch
Redstar gang be the set, my nigga
Rappin' with me you get checked, my nigga
Better pull up in a bulletproof vest, my nigga
I don't have to speak when a nigga ask me
Bitch, I keep it low key in these Riverside streets
You b-r-o-k-e, fuck beef
I just keep stackin' up in my own damn sleep
Everybody know me, know I keep it lowkey
Still OmenXIII, black shirt, black jeans
Everybody know me, know I keep it lowkey
Still OmenXIII, black shirt, black jeans
