

Who you know, where you at, where you stay?
Omen pulling up with the all black blade
XIII the Reaper, the king of the demons
The prince of the shadows, I'll leave you in shambles
Tell me what you know about a check
What you know about wakin up when the sun sets
Connect the dots, I'm hot, you not, I live, you drop
I kill, you don't, you can't even see me, I'm a ghost
Pouring up some Rossi in a solo cup tonight
I've been drinkin so much liquor, I've been sippin so much wine
Bitch, I'm buzzing, bitch, stop bluffing
Say you on the grind but you ain't doing nothing
If think you see me lurking
Can't be certain, don't get nervous

Don't make a sound
Don't make a move
Boy, don't you do it
Boy, don't you do it
Don't make a sound
Don't make a move
Boy, don't you do it
Boy, don't you do it

Bitch, I'm buzzing, I'm buzzing
I'm buzzing, I'm buzzing
Bitch, I'm buzzing, I'm buzzing
I'm buzzing, I'm buzzing
Bitch, I'm buzzing, I'm buzzing
I'm buzzing, I'm buzzing
Bitch, I'm buzzing, I'm buzzing
I'm buzzing, I'm buzzing
