

80 for a g of the Liu Kang  
Buss is down just to sniff it off my boo thang  
People trippin', I can see they shoe strings  
Sippin' liquor, I'm just tryna maintain

Shit changed, I can't be surprised though  
People came, I knew one day they were gonna go  
Insane, how I feel when I'm alone  
I can't do this shit alone, I've been dancin' toe to toe

So sedated, mixin' shit gets complicated  
Sip and taste it, I don't even need a chaser  
People hated, now they fuckin' with the player  
I was jaded, now I got some paper, paper

I got demons, I can see 'em when I'm dreaming  
Countin' sheep, can't believe I'm still not sleepin'  
Paralyzed, my nightmares personified  
Pair of dice, roll 'em for the sacrifice

I'm riskin' it all 'cause they bettin' on me  
Don't twist up words less you hear them from me  
My visions are words, they're not perfect to me  
I know that I'm distant I'll get close if you let me

If you let me, let me, let me  
If you let me, let me, let me  
Can you let me, let me, let me?  
Can you let me, let me, let me?  
If you let me, let me, let me  
If you let me, let me, let me  
Can you let me, let me, let me?  
Can you let me, let me, let me?

Met a girl, then I met another one  
Then another, can't decide which one to fuck  
Who want it first, shawty do you care enough?  
I don't care, I just wanna give my love

She a bad bitch, can she be my Mona Lisa  
She ain't average, can't nobody come between us  
It ain't past tense, I've been livin' in the moment  
'Cause back then I just wanted someone here to hold me

Fuckin' hoes, I got shawtys all around the globe  
New clothes, Drop Dead, from head to toe  
Black on black, somethin' that you already know  
Racks on racks, got this all shit on my own, I'm still not ready to go

I can see it in your eyes, you're so lonely all the time  
Yeah, I know just what that's like, doesn't mean that I'm your type  
Let me work you side to side, tell me how you feel inside  
It won't hurt you if you try, try to understand my life

I'm riskin' it all 'cause they bettin' on me  
Don't twist up words less you hear them from me  
My visions are words, they're not perfect to me

I know that I'm distant I'll get close if you let me

If you let me, let me, let me  
If you let me, let me, let me  
Can you let me, let me, let me?  
Can you let me, let me, let me?  
If you let me, let me, let me  
If you let me, let me, let me  
Can you let me, let me, let me?  
Can you let me, let me, let me?
