

Run For Your Lives

OmenXIII

Runnin' up money, I don't even count it
It's funny how simple life feels when you got it
We got a grow house turned it to a venue
We had to stay strong, you would break if we bent you

My niggas work hard, it just make me work harder
RSG hustle, don't sleep 'til the sun up
I wake up at 3 p.m. just 'cause I wanna
I walk down the hall right into my own studio

I fuck with bad bitches you, you caught up with groupie hoes
You're stories don't move me, my life is a movie though
You niggas ain't 'bout it, all cap if you askin' me
I worked on myself now I feel like a masterpiece

We still independent, now they see it's workin'
I drive in a Audi, now I know it's worth it
All this hard work we put in behind curtains
Still ain't made a milly, but my life feels perfect

This a dangerous place (aha)
It's a dirty business (aha)
I could help you get it (aha)
If you wanna go the distance (aha)
Better run, run, run, run, run, run, run, run
Better run, run, run, run, run, run, run, run

Sometimes failure finds me (aha)
I find success in patience (aha)
No, they can't rush my greatness (no, no)
No one can match my cadence (no, no)
Better run, run, run, run, run, run, run, run
Better run, run, run, run, run, run, run, run

Better run
Better run
Better run, run, run, run, run, run, run, run
Better run, run, run, run, run, run, run, run

I'm makin' real profit, you recoup advances
That's why your manager fuck with your schedule
I do what I want when I do what I wanna do
You think you ballin', the money controlling you

Yeah, you think you hard, bitch, your ego controlling you
I tried to be humble, but I had to tell the truth
Niggas you fuck with the ones that be selling you
I know you a bitch, you gon' sit when they tell you to

I dressed the walls with TV's in my living rooms
I got new clothes in the mail for my women too
Still with my dealers, you smokin' on clinical
I'm still in the streets, what the fuck I been tellin' you?

These labels got money, but can't pay attention
You can't sell a dream to a man with persistence
I keep all my friendships separate from my business

I'm still in my city, they fuck with my vision

This a dangerous place (aha)

It's a dirty business (aha)

I could help you get it (aha)

If you wanna go the distance (aha)

Better run, run, run, run, run, run, run

Better run, run, run, run, run, run, run

Sometimes failure finds me (aha)

I find success in patience (aha)

No, they can't rush my greatness (no, no)

No one can match my cadence (no, no)

Better run, run, run, run, run, run, run

Better run, run, run, run, run, run, run

Better run

Better run

Better run, run, run, run, run, run, run

Better run, run, run, run, run, run, run
