OmenXIII

Young Charles Manson straight out the attic
Ain't got a mansion, ain't livin' lavish
I stomp the yard and I'm causin damage
Rap half as hard, I'm still twice as savage
You talk the talk then I'ma let you have it
You walk the walk then I'ma catch you slippin
You want the chance then I'ma let you take it
Crack skull with glass and drag you to my basement
OmenXIII ain't an easy replacement
No placin me 'cause I'm legendary
Don't need shit, I don't say shit
I don't need this please don't say shit
Still don't give a fuck who you came with
Still don't give a fuck, I still don't care
It's so sad to see you get mad at me
So just act like I was never there
