

# Sleeping Giant

OmenXIII

Everybody need to just shhh  
Quiet, quiet  
I've been making moves on the hush-hush  
I'm so so far from amusement  
People wanna worry but I keep it exclusive  
I don't fuck a-round  
I don't fuck a-round  
I don't fuck a-round  
I don't fuck a-round

Everybody need to just shhh  
Quiet, quiet  
I've been making moves on the hush-hush  
I'm so so far from amusement  
People wanna worry but I keep it exclusive  
I don't fuck a-round  
I don't fuck a-round  
I don't fuck a-round  
I don't fuck a-round

Bring it back now  
Shh  
It's OmenXIII on the track now  
I stay ten toes down keep my mind intact  
Hold my center of gravity like a balancing act  
I don't ever need to lie I tell the truth in fact  
I'm in a room where the motherfucking killas at  
My game  
Write rhymes white lies and they on the map  
Psycho Michael no typos  
One foot too far up on the tightrope  
Three blunts four cups it's survival  
5'1" Five-O how we might go  
Yuh, yuh, yuh, yuh  
I know all the bullshit I could never get enough  
They couldn't do what I've done  
If you coming with the ice  
Fuck around get crushed motherfucker just-

Everybody need to just shhh  
Quiet, quiet

Everybody need to just shhh  
Quiet, quiet

Everybody need to just shhh  
Quiet, quiet

Everybody need to just shhh  
Quiet, quiet

Everybody need to just
