

All they do is talk, bitch, all I do is move
Get a clue, I could never give a fuck about you
You are the reason that I hate society
You are the reason there are people like me
I'm on my own, bitch, bitch, I'm on my own shit
Fucking with my own clique, bumping all my own hits
Who the fuck can step to us? The industry can't clone this
Put a rapper next to me, I'll put him in a coffin

I'm on my own, bitch
Bitch, I'm on my own shit
I'm on my own, bitch
Bitch, I'm on my own shit
I'm on my own, bitch

I cannot disguise my despise for you motherfuckers
Fake fraudulent opportunists punk motherfucking
Wave riding, trend hopping, hype addicted cock sucker
Dick licking faggot, fucking drug invested cum guzzler
Infinite Milita sail waves,
I'll be damned if I let a bitch stop my motion
OmenXIII said it best, I repeat
You are the reason there are people like me
