

# Wake Me Up

OmenXIII

Certain problems I keep brawlin'  
I can't find a way to stops thinkin' these thoughts and  
Curtains callin', darkness fallin'  
I know I'm gonna die, but it just feels like I'm stallin'  
Life still changin', rearrangin'  
No matter what the shape is, I can't seem to shake the pain  
I don't wanna go, but I don't wanna stay  
Still tryna find out what makes this so great  
Rollin', smokin', till I'm zonin'  
Airplane mode, you can't hit my phone  
Pourin', sippin', 'til I'm tippin'  
A lot of people got a lot to say, I won't listen

All I wanna do is push limits  
All I seem to do is keep distance  
Everyday's a struggle when you lose the fuckin' will to find a  
reason and get left with no decisions

Emotions slippin' away from my reach  
Apathy crawlin', creepin' inside me  
Perfect timin', I'm unwindin'  
Black hoodie up when the sunlight blind me  
Wait through the day for a different climate  
Gauge my mistakes in a different lighting  
Eyes can't lie, wanna die sometimes  
Surprised when I wake, but at least I'm tryin'

All the days, they turn to dust  
(All the days, they turn to dust)  
Resurrect me, wake me up  
(Resurrect me, wake me up)
