

Shawty, if you wanna fuck I've been practicing  
If it's fire, I might bust on accident  
I'm a champion, 'round 2, I don't cap and shit  
Put in work, we gon' fuck more than average  
The way you throw that neck you got practicing  
The way you get on top you got practicing  
The way you stroke the cock you got practicing  
Tryna' get your face wet like a baptism  
Father forgives your sins, call me daddy bitch  
Baby be more upfront, you can grab my dick  
Tryna' fuck anywhere with no plans and shit  
We can chill and then smoke on some gas and spliffs  
When you throw that ass back, you the baddest bitch  
When you go down on me, you the baddest bitch  
When you fiend for the d, you the baddest bitch  
Fuckin' without the strings, you the baddest bitch  
Tryna' split you in half like a magic trick  
Tryna' hit from the back while I brag and shit  
If you single, you don't need no man and shit  
If you got a boyfriend, I ain't asking shit  
I'm not even gonna cap, I ain't bad at this  
I ain't with the talk much, I move fast and shit  
If you want some attention, just ask for it  
If you need some affection, just ask for it  
If you wanna hang out, think I get the gist  
If you wanna fuck around, you gon' fuck with this  
Tryna' fuck with the lights on, real classy shit  
If you like what you see, don't gas me bitch  
I don't really feel kind, just confident  
Baby, I can beat it up in confidence  
And I might catch a crush, no promises  
If you want this to last, baby take a pic
