

# Hula Hoop

Omi

Oh, hey  
Rollerskates, them lines  
Have sun clear blue skies  
The waves are crashing by  
And when she passed me by  
And gave a wink and smile  
And I was on cloud nine  
Lord

The way you move your hips  
And lick your lips  
The way you dip  
You got me up so high (hey-ey)  
And girl you got that body  
With them curves like a Bugatti  
I just wanna drive, oh

And girl you know  
Round and round your loving winds me up  
Like a hula, hula hoop, hula, hula hoop, oh  
Round and round your loving winds me up  
Like a hula, hula hoop, hula, hula hoop, oh  
Round and round your loving winds me up  
Like a hula, hula hoop, hula, hula hoop, oh  
Round and round your loving winds me up  
Like a hula, hula hoop, hula, hula hoop, oh  
Oh-oh-oh-oh

And gravity defied  
I can not believe my eyes  
That thing can bring the tides, hey  
And round and round clockwise  
Like come here, we go right  
I wanna go all night, yes

The way you move your hips  
And lick your lips  
The way you dip  
You got me up so high, yeah (hey-ey)  
And girl you got that body  
With them curves like a Bugatti  
I just wanna drive, oh

And girl you know  
Round and round your loving winds me up  
Like a hula, hula hoop, hula, hula hoop, oh  
Round and round your loving winds me up  
Like a hula, hula hoop, hula, hula hoop, oh  
Round and round your loving winds me up  
Like a hula, hula hoop, hula, hula hoop, oh  
Round and round your loving winds me up  
Like a hula, hula hoop, hula, hula hoop, oh

Oh-oh-oh, yeah  
Oh-oh-oh, oh  
Oh-oh-oh, yeah  
Like a hula, hula hoop, hula, hula hoop, oh

Round and round your loving winds me up  
Like a hula, hula hoop, hula, hula hoop, oh  
Round and round your loving winds me up  
Like a hula, hula hoop, hula, hula hoop, oh

Oh-oh-oh-oh  
Round and round your loving winds me up  
Like a hula, hula hoop, hula, hula hoop, oh
