

Roller Coaster

Omi

It's like a movie when you slow walk by
You got that come get me kinda look in your eyes
You got me trippin you got me tongue tied
You say I make you laugh and that always makes me smile

And through the lows and highs you stood by my side
Up-and-down in slow motion with our hands to the sky
I wanna rush but I'm just taking my time
Girl I'm still so surprised you dropped down in my life
And I wanna say

I can't believe my eyya y eyes
They lie lie lie
I know this can't be right
She's a beautiful rollercoaster ride
And she's mine
My rollercoaster ride

Rollercoaster you
Rollercoaster you
Rollercoaster you
Rollercoaster you

We'll take forever one day at a time
Cause I will stay on track and I won't close my eyes
Don't worry girl I'm not the jealous type
Don't mean that I don't care
when you flirted with those guys

And through the lows and highs you stood by my side
Up-and-down in slow motion with our hands to the sky
I wanna rush but I'm just taking my time
Girl I'm still so surprised you dropped down in my life
And I wanna say

I can't believe my eyya y eyes
They lie lie lie
I know this can't be right
She's a beautiful rollercoaster ride
And she's mine
My rollercoaster ride

Rollercoaster you
Rollercoaster you
Rollercoaster you
Rollercoaster you

Up
And down we go till we go back up and spinning around
Never never never never letting go
Holding on tight till we both reach the end of the road
Together gether gether
And I wanna say

I can't believe my eyya y eyes
They lie lie lie
I know this can't be right

She's a beautiful rollercoaster ride
And she's mine
My rollercoaster ride

Rollercoaster you
Rollercoaster you
Rollercoaster you
Rollercoaster you
