## Omnium Gatherum

Now things left unsaid  
Visions moulded  
Hear the hungry banging at the door  
Still its emptiness

Do go on and exist  
Creating the flame  
Feeling the flame  
Do continue to exist  
Like each and every one of us

Here we are  
Here and far away  
We are in chaospace  
Chaospace

Time written in stone  
Will not escape it  
It is fate to let it go  
It is fate to resist it

Do go on and exist  
Creating the flame  
Feeling the flame  
Do continue to exist  
Like each and every one of us

Here we are  
Here and far away  
We are in chaospace  
Chaospace

Do go on and exist  
Creating the flame  
Feeling the flame  
Do continue to exist  
Like each and every one of us

Do go on and exist  
Creating the flame  
Feeling the flame  
Do continue to exist  
Like each and every one of us

Here we are  
Here and far away  
We are in chaospace
