

# Walking Ghost Phase

Omnium Gatherum

More than once  
More than a few times  
Been around  
Few miles bound  
More than twice  
More than a thousand times  
All around  
We all are bound

Walking ghost phase

Walking ghost phase  
You are as pale as they come  
There's nothing wrong  
Walking ghost phase  
You are as pale as they come  
Still nothing wrong  
Still nothing wrong

They say we do bad things  
Yes the thing is we do  
We say we hear bad things  
Of the tidal coming through  
It is the season of the beholder  
Through the twilight sky  
And do not worry  
Or you might say why

Walking ghost phase

Walking ghost phase  
You are as pale as they come  
There's nothing wrong  
Walking ghost phase  
You are as pale as they come  
Still nothing wrong

Walking ghost phase

Walking ghost phase  
You are as pale as they come  
There's nothing wrong  
Walking ghost phase  
You are as pale as they come  
Still nothing wrong  
There's nothing wrong
