

Misos

On Thorns I Lay

We come from a dark abyss
And we end up in a dark abyss
Soon will come the end
None of our Gods will try to save our souls

Misos... dying in my tears
Misos... will fill my soul with endless sorrow and pain

Father...son of Saturn
My mind and my heart bleeding in blue dark waves of fear

Misos...dying in my tears
Misos...will fill my soul with endless sorrow and pain

Through the wishes of pain
For the glory of death

In your own mistakes
Dying in sadness of grief

I'm not the light
I am the night...
