

Mass Murder Frenzy

Once Human

Do you see the terror from within?
And hear sustained outer blame?
Do you feel the liberty
As it beats you to the ground?
Do you smell the empty shells of freedom?

Watch the humans race
Straight into death's embrace
You're choking under pressure with that boot on your neck
They're sticking to their guns to show you ways to go and pay their debts

Your rights remain silent, silently changed
Your right to remain violent until they take you away
Free guns, free will, until we aim higher than our own
Your rights, your risk, their fists will dry your blood red on the stone
Will dry your blood red on the stone

They'll take your eye for your eye
To make a blind man
Is injustice, justified
Those who see beyond the lies
Will rise, the wise will be withheld
The law's biggest fear is truth itself

Price of your life?
A dime a dozen, cheap to buy
When you're in the way
Your eye for your eye
If you keep one open
Blind lead the blind
The rats start to race

Your rights remain silent, silently changed
Your right to remain violent until they take you away
Free guns, free will, until we aim higher than our own
Your rights, your risk, their fists will dry your blood red on the stone
Will dry your blood red

On the stone of their laws, their gods
Their fraud system is there to fail you, ail you
And sell you on the nails of the cross, roads
Of crossbones means that everything's in order
So sit back, relax and watch another mass murder

Frenzy
Mass murder frenzy
Mass murder frenzy
Mass murder frenzy
Mass murder frenzy
Mass murder
