

You Cunt

Once Human

Fall
Down to your knees with a guilty plea
Have you
Any last words to say
I will make you
Wish you'd never been born
Your life, it was
Such a fucking waste

Condemned to die
You cunt, I am your poison
Don't fuck with me
I'll break your bones
You cunt, so you can stay down and bow
Before me

Now
Blood on your name as you rest in pain
What a
Waste of a shallow grave
Down forever
Fester in the filth
And burn below
Back from where you came

Condemned to die
You cunt, I am your poison
Don't fuck with me
I'll break your bones
You cunt, so you can stay down and burn

Burn, burn, burn, burn, burn, burn
Bow before me
Don't fuck with me
Bow down before me

Condemned to die
You cunt, I am your poison
Don't fuck with me
I'll break your bones
You cunt, so you can stay down and bow
Before me
