One Acen

Ooooh

Imma pull up like pronto  
Gyal I need that money pronto  
Gyal I need the cash in the monzo  
Said she want me take her back to the condo, to the condo  
Pull up like pronto  
Gyal I need that money pronto  
Might just fly her out to Toronto  
Cos I got the big racks in the monzo, in the monzo

Yo

I just pull up with the gang in the place  
With some bruddas who don't dance in the rave  
All these women got their hands up  
Just copped the monzo now I gotta get the bands up  
Ah, see I  
Guarantee I take you place you'd never be ah, with this P ah  
Fit body like Aaliyah, mi haffi pree her  
That body might just end up in a museum

Baby, baby  
Tell me, tell me  
If I was your man girl  
Would you play me  
You got something  
Drive me crazy  
(So if you want it from me)

Imma pull up like pronto  
Gyal I need that money pronto  
Gyal I need the cash in the monzo  
Said she want me take her back to the condo, to the condo  
Pull up like pronto  
Gyal I need that money pronto  
Might just fly her out to Toronto  
Cos I got the big racks in the monzo, in the monzo

They say money isn't everything, but it's a must  
Cos love is overrated I just want the commerce  
I can drop you down if you want the fromage  
You should roll with a hustler  
Got my own style I ain't dressing like no ball players  
Pretty South one, met her in a north face  
Money is my dial tone, hear the money, call me  
Might see me in some brands, I been getting money always  
Ooh I stack money, so I ain't broke bummy  
You ain't her type if you got no money  
I love rap money, fast money, slow money  
So if you got some doe for me

Imma pull up like pronto  
Gyal I need that money pronto  
Gyal I need the cash in the monzo  
Said she want me take her back to the condo, to the condo  
Pull up like pronto  
Gyal I need that money pronto

Might just fly her out to Toronto  
Cos I got the big racks in the monzo, in the monzo

Imma East African jungle boy  
Stepped all in the spot like a London boy  
No I ain't concerned with that dumb lil noise  
I'm just busy tryna get my funds up boy  
I just pull up, pull up in the back roads  
For cash flow (and the bank roll)  
Hit the west and you know how that goes  
Cos I put the money in the monzo-oh oh

Imma pull up like pronto  
Gyal I need that money pronto  
Gyal I need the cash in the monzo  
Said she want me take her back to the condo, to the condo  
Pull up like pronto  
Gyal I need that money pronto  
Might just fly her out to Toronto  
Cos I got the big racks in the monzo, in the monzo
