

NewwMachine

One Acen

Look, I spend rolls
I hit that liquor, down it goes
Watch em' fall like dominoes
You don't wanna meet my amigos

Out your lane
Super tight and super clean
Got that... with a beam
You don't wanna see that new machine

Yeah, yeah, yeah, yeah
Aye, I tell these hoes from the go
I got different options
They drop me out, then phone me back
'Cause hoes are wishy-washy
They want the lifestyle
That's why these pigeons watching
Say you been getting money
Why your rollie ticky-tockin'?
Come get your boo, boo
And it's your baby
I need that new-new (What you need fam?)
That new Mercedes
The way I whip it, whip it
Like we back in slavery
My nigga whippin' whippin'
He be going brazy (Beloved)
They say more money, more problems
I feel like Diddy and Mase
Used to work minimum wage
Now I make the same in a day
Packed my PS3 and sold it and told my niggas
I ain't playing no games
Brudda I came a long way
From wishing I wasn't awake

I spend rolls (I spend rolls)
I hit that liquor, down it goes
Watch em' fall like dominoes
You don't wanna meet my amigos

Let me take it back
Aye, aye, aye
Stop that, get that, got that
What's that there? I want that
Cop that, wear that, rock that
Don't ask from where, don't watch that
Bufftings bare on Whatsapp
I might slip into your wifey
While you're leaving comments on her IG
I love women that are too rude
(My gyal rude una!)
We get money when we choose to
You see money every blue moon
Hold on baby, I got Tiny on the line
This ain't nuttin' that you're used to
My account looking like ah, woo!

Your account looking like shh, shh (I spend)

Watch me reel, big face so they'll clock me girl
London boy but the wrist is Swiss
I might get a bright Breitling, watch me glow
Watch me style on my stylist
The money's Dublin, I'm Irish
Take a tour de france we're not cyclists
It's costs to be a boss and that's priceless, I'm just
Rollin' round
Bitch stop bitchin' hold it down
Hold the 'mounts, still get spent today
I throw back pounds
More money, more problems?
I'll take em'
You don't wanna see me going in outrageous
Bow down when you see a nigga
Balmaining (Acen, oh)
