One Acen

Last night I felt your energy
But you're telling me it's just a friend you meet (no no no)
Yeah, I will find my way around it
You need someone that's there to hold you down
'Cause I see visions (premonitions)
I don't need to second guess them
I already see the day when I leave the friendzone, relocate

I ain't gonna say too much
I don't wanna say too much (yeah)
But why you wanna play with love
Why you wanna play with love
I been on your line for a real long time
Why you wanna settle for the same old things
You been fronting on the kid from way back
Like you don't wanna take me in, no
But you know I play to win
So baby I'mma make it simple

Psychic
I see my future wifey

One day you'll be my lady

I ain't easily fazed
'Cause nowadays I believe in my wave (yeah)
But you feel the need to be chased
Tell a rude girl that she needs to behave
I been on your line from day one
If you ain't feeling the kid, say none (say none)
I'll be standing right here when the days done
Might be the one but he ain't One Acen (it's alright)
I just wanna be a little closer babe
I know you're wearing your poker face
And now that I changed from my older ways
I can love you like [?]
