

# Falling Apart

One Desire

A cold sweat  
Incurable disease  
With no safety net  
Where nowhere left to breathe  
Love is like a flame  
That burns away the fear  
The pleasures and the pain  
How did I end up here

I should have walked away  
I should have walked away  
I should have walked away

But now I'm falling apart  
I'm falling apart  
I'm falling apart  
I'm falling apart  
I've gotta learn to stop before I start

What if I run away  
Take the easy way out  
But you're running through my veins  
I should just let you bleed out  
Now I'm standing on the edge  
With nowhere to go but down  
Tell me are you gonna catch  
Or will my heart just hit the ground?

I should have walked away  
I should have walked away  
I should have walked away

But now I'm falling apart  
I'm falling apart  
I'm falling apart  
I'm falling apart  
I've gotta learn to stop before I start

It's tearing me apart  
I can't think straight  
I must be crazy, oh

(Falling apart)

(I'm falling apart)  
I'm falling apart  
(Now I'm falling apart)  
I'm falling apart  
Now I'm falling apart  
I'm falling apart

(I'm falling apart)  
I'm falling apart  
(Now I'm falling apart)  
Gotta stop before I start  
(I'm falling apart)  
I'm falling apart

(Now I'm falling apart)  
I've gotta learn to stop before I start
