

# K!ller Queen

## One Desire

On my knees, my knees, my knees  
You're my everything  
Takes me up every night, every day  
You're my everything, yeah

In the dark I will make it alright  
When you call my name  
And in the night when you scream for a spark  
I'll be the one you can blame

You're my dream, my queen, my need  
You're my everything  
Take me up when the top ain't enough  
Girl, give in to me  
Before you tear me apart  
Give a little piece of your heart  
I will go anywhere for you

Still I bleed and I scream 'til I die  
I need you by my side  
I won't eat, I can't think, I can't sleep  
Until you come running to me, yeah

You break my heart  
You break my heart every night and day

You're my dream, my queen, my need  
You're my everything  
Take me up when the top ain't enough  
Girl, give in to me  
Before you tear me apart  
Give a little piece of your heart  
I will go anywhere for you

Take me down  
Take me down  
Take me down  
Take me down

You're my dream, my queen, my need  
You're my everything  
Take me up take me up to the top  
Ain't enough  
Before you tear me apart  
Give a little piece of your heart  
I will go anywhere for you
