

Shadowman

One Desire

"You wouldn't like it out there. Them got the eyes to see you or the ears to hear. It wouldn't protect you. You hate it, that's why I'd hate you."

"Have you heard of this... Jungle demon that tears living animals to shreds with its claws and then feeds upon has been known to attack humans also."

"It hasn't so far, I hope?"

"No, but I'm sure it will."

I am the man who walks alone
(I walk within the end of time)
I stay away from light
(As it blinds my sight, as I become the night)
I feel it crawling in the blood
(You are the one I need tonight)
And if you try to stop me
(I'll eat you alive, dressed in black and white)

A shadow in the window hiding
Shadow in the window, I'm right here
Come on and dance with me, yeah
I'm waiting for the main attraction
Shadow in the window, I'm right here
Talk to me, Shadowman

I'm reachin' out from this dead end street
(I'm falling into misery)
And there's no way out from here
(Let the darkness come)
I cross my heart, I didn't know we would get this far, my dear
I feel the heat, the heat is burning with me

A shadow in the window hiding
Shadow in the window, I'm right here
Come on and dance with me, yeah
I'm waiting for the main attraction
Shadow in the window, I'm right here
Talk to me, Shadowman

A shadow in the window hiding

"You wouldn't like it out there... It wouldn't protect you... You hate it, that's why I hate you."

A shadow in the window hiding
Shadow in the window, I'm right here, yeah
Come on and dance with me

I'm waiting for the main attraction
Shadow in the window, I'm right here
Talk to me, Shadowman

(Ooh, shadow in the window hiding)
(Talk, talk to me)
Come on and dance with me
(Ooh, shadow in the window hiding)
(Talk, talk to me)
(Talk to me)

Talk to me, Shadowman

Talk to me, Shadowman, oh
