

# Through The Fire

## One Desire

Ashes on the ground  
Smoke fills up the sky  
I'm on the battlefield, covered in the mud  
Lord knows where I've been  
Through the thick and thin  
I had to learn to swim just to stay alive

And it's funny how fast  
Everything can change  
How this little boy grew up and became a man  
I was running with the Devil  
Reaching for the highs  
I was a soldier of fortune who gave it all

And only for tonight  
For one last time I look into your eyes  
I feel the flame inside my heart grows wild  
The memories, the melodies I'm here  
And I'm ready

I left my home town  
I couldn't settle down  
I was drifting on my own through a wasted land  
I've never known how  
To go along with the crowd  
Instead of following the rules I break them, oh

I walked through the fire  
And I fought like a lion  
I was dying to find  
My way to the other side  
I walked through the fire  
I was searching for light  
In the deepest night  
And made it out alive

I've been waiting for this all my life  
Now this battle cry goes out tonight  
I'm walking through the fire  
I don't need your alibis  
I'll show the bleed in broad daylight  
I'm walking through the fire

Ashes on the ground  
Smoke fills up the sky

I walked through the fire  
And I fought like a lion  
I was dying to find  
My way to the other side  
I walked through the fire  
I was searching for light  
In the deepest night  
And made it out alive

Walk through the fire  
Walk through the fire

My way to the other side  
Searching for light  
In the deepest night  
And made it out alive
