One Direction

Diana
Front pages all your pictures
They make you look so small
How could someone not miss you at all

I never would mistreat her
I'm not a criminal
I speak a different language
But I still hear your call

Diana,
Let me be the one to
Light a fire inside those eyes
You've been lonely
You don't even know me
But I can feel you crying

Diana,
Let me be the one to
Lift your heart up and
Save your life
I don't think you even realize
Baby you'd be saving mine

It's only been four months but
You've fallen down so far
How could someone mislead you at all

I wanna reach out for ya
I wanna break this wall
I speak a different language
But I still heart you call

Diana,
Let me be the one to
Light a fire inside those eyes
You've been lonely
You don't even know me
But I can feel you crying

Let me be the one to
Lift your heart up and
Save your life
I don't think you even realize
Baby you'd be saving mine

We all need something
This can't be over now
If I could hold her
Swear I'd never put you down

Diana,
Let me be the one to
Light a fire inside those eyes
You've been lonely
You don't even know me
But I can feel you crying

Diana,
Let me be the one to
Lift your heart up and
Save your life
I don't think you even realize
Baby you'd be saving mine

Oh oh oh
Diana
Oh oh oh
Diana
Baby you'd be saving mine

Oh oh oh
Diana
Oh oh oh
Diana
Baby you'd be saving mine
