

# Drowned God

## One Morning Left

He was born with magic  
But didn't know how to use it  
Ridiculed for being different  
Exiled  
He swore vengeance  
Exiled  
Underneath the surface

"I am the drowned god"  
"Kneel before me"  
"I am the drowned god"  
"Kneel before me"

To drown the world in his waves  
Was his meaning, his purpose  
To drown the world in his hate  
Beneath the surface

The air was filled with silence  
Time stood still  
And when the waves came  
We felt nothing  
We were mesmerized by his neon  
Halo

"I am the drowned god"  
"Kneel before me"

"I am the drowned god"  
"Kneel before me"  
"I am the drowned god"  
"Kneel before me"

To drown the world in his waves  
Was his meaning, his purpose  
To drown the world in his hate  
Beneath the surface
