

# Anything

## One Night Only

You can have it all  
Anything you want  
Waking up to morning calls  
Nothing gives you more

What excitement do you sense?  
Friday night and not much else  
And you count the money spent  
When you have it all

We could have anything  
They make us all believe  
Turn us into film stars, baby  
All you ever need  
We will all have millions someday  
Pay for all our dreams  
We could have anything  
They make us all believe  
They make us all believe  
Anything you want

We can have it all  
Everything we need  
Pull yourself up out of bed  
Don't let them see you bleed

While you watch the glasses fill  
Hold back tears and hold it still  
You can have it all  
Anything you want

We could have anything  
They make us all believe  
Turn us into film stars, baby  
All you ever need  
We will all have millions someday  
Pay for all our dreams  
We could have anything  
They make us all believe  
They make us all believe  
Anything you want

We could have anything  
They make us all believe  
Turn us into film stars, baby  
All you ever need  
We will all have millions someday  
Pay for all our dreams  
We could have anything  
They make us all believe  
Anything you want  
Everything you need  
You can have it all  
Anything you want  
And anything you need...
