

# Got It All Wrong

One Night Only

Don't you see  
That you cannot believe  
It's all turning round  
And I don't know how

Don't you see  
That it's up to me  
To convince you now  
But I don't know how

If you look at the screen  
Real close  
You can see it now  
But I'm not sure why

All I'm asking is  
You give it a chance  
And you hear it now  
Just give it a try

It's so much better on the other side  
It's so much better in here  
Come on and join us on the other side  
And give up what you seem to hold so dear

You've got it all wrong  
You've got it all wrong  
You've got it all wrong

You've got it all wrong  
You've got it all wrong  
You've got it all wrong

Oh, how many words  
Is it gonna take  
Before you get it right  
And I don't know how

And how many scenes  
Will you paint all over  
In black or white  
But I don't know how

If you look at the screen  
Real close  
You can see it now  
But I'm not sure why

All I'm asking is that  
You give it a chance  
And you hear it now  
Just give it a try

It's so much better on the other side  
It's so much better in here  
Come on and join us on the other side  
And give up what you seem to hold so dear

You've got it all wrong  
You've got it all wrong  
You've got it all wrong

You've got it all wrong  
You've got it all wrong  
You've got it all wrong

It's so much better on the other side  
It's so much better than in here  
Come on and join us on the other side  
And give up what you seem to hold so dear

It's so much better on the other side  
It's so much better than in here  
Come on and join us on the other side  
And give up what you seem to hold so dear

You've got it all wrong  
You've got it all wrong  
You've got it all wrong

You've got it all wrong  
You've got it all wrong  
You've got it all wrong...
