

# Nothing Left

One Night Only

Don't wanna stand still  
Gotta move ahead  
There's nothing left  
To be done or said  
She's gone to work  
And left a note on the door  
Just goodbye  
It couldn't say more

Forget your job  
And we'll stay in bed  
Nothing's left  
But you in my head  
So drive this car  
And we'll run away  
Nothing left  
But a perfect day

But I don't understand it  
I thought I always would  
And I know that I need it  
It always felt so good

No matter what  
I'll never let you go  
No matter what  
I'll never let you go

La-la-la-la-la-la (4x)

Don't wanna stay here  
I can't get away  
There's nothing left  
No more words to say

So I'll stay here  
With an open door  
I miss your taste  
But I need you more

But I don't understand it  
I thought I always would  
And I know that I need it  
You always taste so good

No matter what  
I'll never let you go  
No matter what  
I'll never let you go

No matter what  
I'll never let you go  
No matter what  
I'll never let you go

La-la-la-la-la-la  
La-la-la-la-la-la...
