Take what you want Take what you want and go

I don't want anything in our broken home Not the memories or the things we own Not the picture of us on the wall So take what you want

Can you hear meD
I'm trying to hear you
Silence strikes like a hurricane
Now I'm singing for you
You're screaming at me
It's hard to see your tears in the pouring rain

Take what you want
Take what you want and go / x3
Just go now just go, go, go

Still remember a time when you felt like home You and me up against the great unknown You were my life, now you're out of my life Yeah I guess that's life

Can you hear meD
I'm trying to hear you
Silence strikes like a hurricane
I'm singing for you
You're screaming at me
It's hard to see your tears in the pouring rain

Take it

No reason for me to hold on

(Look in my eyes I'm letting go)

Keep it

Don't need it, don't need it, don't need it

Take what you want, take what you want and go

Can you hear meD
I'm trying to hear you
Silence strikes like a hurricane
Now I'm singing for you
You're screaming at me
It's hard to see your tears in the pouring rain

Take what you want, take what you want and go Can you hear  $\text{me} \square$
