GOAT

Hold my breath, feels like diving  
Time to ask you, let me know  
The universe you were looking for  
Sometimes, I'm lost in nowhere  
I don't wanna cry alone  
It doesn't exist anymore, tearing heart

I need you now  
Bet all my treasure  
Just wanna go, anywhere with you  
Let's fly all day  
Give me some, give me some, no worries  
Feeling it, you're the price, I'm all in  
Be right here, you got me  
Like a movie scene, you can feel it

Don't hesitate, come in  
Leave it all to me, no one can hurt  
There is nothing better, just hold my hand  
I have confidence in protecting the beautiful you, watch me  
Maybe you feel like this

Call me GOAT (Ah-ah)

At that perfect place
