Don't try to possess everything I have  
Don't mistake this moment for eternity  
This appropriate distance between us feels appropriate to me  
It's not easy for me to say "I love you," uh  
What you, what you, what you, what you, what you want from me?  
I don't wanna hurt you, hurt you, hurt you, hurt you, this is how I be  
I don't want you to cry, but when you sit beside me  
I really can't leave you alone even for a moment

Swallowing hard, you're getting closer  
I'm not the bad one, you're approaching recklessly  
Blinded by temptation, thoughts become short  
What you want is not on me, baby

Don't be mistaken, illu-illu-illusion  
I'ma take, take, take you to paradise, you're in the

Don't be mistaken, there's no me for you

Don't ask me why, somehow I (Oh-oh-oh)  
Only seem to cause you pain  
I don't even know myself well, so I keep pushing you away, baby  
You can't be mine  
What you, what you, what you, what you, what you want from me?  
I don't wanna hurt you, hurt you, hurt you, hurt you, this is how I be  
You're really selfish, clinging to me as you please  
You want more, but I don't want to play this kind of love game, it doesn't suit me

Swallowing hard, you're getting closer  
I'm not the bad one, you're approaching recklessly  
Blinded by temptation, thoughts become short
