Because it's you with whom I can have these conversations
I'ma do what you like, I'ma cook what you like
Constantly like a moon in the ni-i-ight
Right now, it's four thirty, everyone's asleep on this late night
Say you never gonna leave me

Always at the same place
I'd always wait for you)

'Cause, baby, I can spend every minute, every time (Time)
The moment I met you in this vast world
Time flies, mm
