

Burn away my virtues  
May there be just You and me

Lord write me into your great story  
Lord write me into your great song  
Take all I have  
It's for Your glory  
One day all else will be gone  
One day all else will be gone

Give me grace to follow  
Only You can lead me home

Lord write me into your great story  
Lord write me into your great song  
Take all I have  
It's for Your glory  
One day all else will be gone  
One day all else will be gone

Your name be glorified, glorified

Lord write me into your great story  
Lord write me into your great song  
Take all I have  
It's for Your glory  
One day all else will be gone  
One day all else will be gone
