

War turned us heartless  
Trapped in the warfare  
They say that it's hard to fuck with people like me  
But I can tell they ain't seen half the shit that I seen, 'cause  
War turned us heartless, heartless  
Trapped in the warfare, warfare  
If you love me then be honest, honest  
'Cause war turned us heartless

They say that I'm heartless, come bargain away  
If you're fuckin' with the other side, you gon' turn into a target  
We ain't shunnin' down beef, lad, we gon' turn you into a casket  
They can talk about guns, uh, 'til they hear the guns blastin'  
Now we seein' who's laughin', 'cause they're not  
Send my youngins 'round to your block  
See who gets got, free Little  
He was really lettin' that pop  
We run blocks and run down opps  
And it's too late to turn on my squad

War turned us heartless  
Trapped in the warfare  
They say that it's hard to fuck with people like me  
But I can tell they ain't seen half the shit that I seen, 'cause  
War turned us heartless, heartless  
Trapped in the warfare, warfare  
If you love me then be honest, honest  
'Cause war turned us heartless

For the gang, I been ridin' so hard my heart is bleedin'  
Got no love for the other side, it's on when I see them  
I'm my brother's keeper, I can't be showin' weakness  
Keep that thirty heater for when I'm playin' defence  
They can't touch me, sleepless  
They say my team can't be reasoned with  
Grew up watching our olders do  
So that scoreboard, we evened it  
And still to this day, if my brothers ride, I ain't leavin' 'em  
GSO be my demon, just like our tracks that be leakin'  
Remember me? P was speakin' 'bout  
All of the things he wants to do the day he gets out  
I made a promise to the Lord I'ma keep him out  
I ain't singin' or preachin' now  
Say my prayers when I wake  
And just keep me safe when I leave the house

War turned us heartless  
Trapped in the warfare  
They say that it's hard to fuck with people like me  
But I can tell they ain't seen half the shit that I seen, 'cause  
War turned us heartless, heartless  
Trapped in the warfare, warfare  
If you love me then be honest, honest  
'Cause war turned us heartless
