

Phone Call

ONEFOUR

Treat you right

I wanna love you, but you're in the streets every day and every night (And every night)

Is this love, is this love, is this love, is this love that I'm feelin'?

Is this love, is this love, is this love, is this love that I'm feelin'?

New year and I still got weaknesses, still moving around like I've lost her
Said I'll stop but I'm still repeating shit, I never thought I could be this toxic

You say I spend too much time with the lads and I need to make more time for you (What?)

Girl, let's starting to feel one-sided 'cause you don't complain when I spoil you (Ha-ha)

You should already know who I'm loyal to, my loyalty should not be questioned (No way, no way)

'Cause back then I was [?] for being too extra

All these broken promises, I'ma change that, but for now, I'ma have to stay local

And I've never been a type to show emotion, but for you, I'ma make that phone call

I wanna love you and treat you right (And treat you right)

I wanna love you, but you're in the streets every day and every night (And every night)

Is this love, is this love, is this love, is this love that I'm feelin'?

(Is it love or not? Cause the game she playing ain't technical)

Is this love, is this love, is this love, is this love that I'm feelin'?

(You're the one I trust so pick up the phone when I make that call)

Can you tell me, is it love or lust? (Tell me now)

Things get a bit tricky 'cause it ain't easy the game I trust (No)

See, I just wanna tune on Netflix and spark me up a jay, no Hus (Pow-pow)

Before you, my heart was a mess, useless head, doing it rough

Now I'm blessed, doing my best, skirting around in a four-door truck

See I ain't never felt this way before, my feelings for you's got me trippin'

Got me doin' the most to keep her by me, she's really got me acting different

Type of love that stays consistent, even if we're distant I won't go missing

'Cause I'm still gonna hold you close like the way I hold this Smith &-

No, I don't mind you running them streets

As long as you can guarantee

That you're coming back to me

I need you to focus on this

Need you open, honest

If you give me a word, better keep that promise

'Cause I ride for you

Baby, are you riding for me?

I wanna love you and treat you right (And treat you right)

I wanna love you, but you're in the streets every day and every night (And every night)

(How could this be hard?)

Is this love, is this love, is this love, is this love that I'm feelin'?
