

# Chasing Paradise

OneRepublic

Old winding road  
Got me thinking back to when we were young  
And lately I've been feeling it in my bones  
Knew I'd be coming home again  
Oh twisted heart (Oh twisted heart)  
Don't get jaded, just go back to the start (Back to the start)  
And don't you worry how all of it ends  
Know where we're headed in the end

One day we'll throw our hands in the sky  
Watch the stars as they fly  
Over you and I  
In paradise  
Running wild with the wind  
Feeling high, breathe it in  
Yeah, we come alive  
In paradise  
(Woo-hoo, in paradise)  
(I'm chasing para-paradise with you)  
I'm chasing paradise with you

I'm chasing para-paradise with you

Time slipping by (Time slipping by)  
It's a river, darling, swim, do or die (Swim, do or die)  
Yeah, I know we all get lost on this side (All get lost)  
But we're dancing in the end

Oh and I've been wondering  
Can we slow it down  
Just let the summer in  
I need to hear that sound  
And I been wondering  
Where them strawberry fields

One day we'll throw our hands in the sky  
Watch the stars as they fly  
Over you and I  
In paradise  
Running wild with the wind  
Feeling high, breathe it in  
Yeah, we come alive  
In paradise  
(Woo-hoo, in paradise)  
(I'm chasing para-paradise with you)  
I'm chasing paradise with you

I'm chasing paradise with you  
(Woo-hoo, in paradise)  
(I'm chasing para-paradise with you)  
I'm chasing paradise with you
