

Yesterday I talked to god we had a conversation  
Told him that I'm sorry I lost communication  
But I just, I just needed some holiness  
I said that the things that I've been trying end up in frustration  
Life ain't what it seems in any situation  
Then he said, he said the strangest thing

He said how does it feel to be human  
Does some of the best plans you make get ruined  
Do people curse you and flowers ain't blooming  
How does it feel  
He said how does it feel to be human  
If I could for one day I just might do it  
Dance till the sun comes up to my music  
How does it feel  
How's it feel

Yesterday I talked to god we had a conversation  
I asked him why this life is a crazy combination  
The numbers, numbers, numbers we can't read  
Yeah for sure I got some friends but we got complications  
Most of us are happy with some medication  
But I could, I could really use some wings

He said how does it feel to be human  
Cause some of the best plans I make get ruined  
Do people curse you and flowers ain't blooming  
How does it feel  
He said how does it feel to be human  
If I could for one day I might just do it  
Dance till the sun comes up to my music  
How does it feel  
How's it feel  
How's it feel

How does it feel to be human  
If I could for just one day I might just do it  
Dance till the sun comes up to my music  
How does it feel  
How's it feel  
(Just one day)  
How does it feel to be human  
If I could for one day I might just do it  
Dance till the sun comes up to my music  
How does it feel  
How's it feel  
How's it feel
