She said, "If you want my heart, then babe, you're gonna have to work for it
"

(Work for it, work for it, work for it)

I said, "You're just my type
You're a lover, you're a fighter, you're a conversation"
(Yeah-yeah-yeah-yeah-yeah-woo, uh)

She said, "It crossed my mind
But in a minute, I can tell there'll be complications"
Yeah

But thoughts like these don't die easy

So if you want my heart, then babe, you're gonna have to work for it
(Work for it, work for it, work for it)

Ooh, gonna make you work

If you want my love, then babe, I'm gonna make you hurt for it
(Hurt for it, hurt for it, hurt for it)

Ooh, gonna make you hurt

Oh-oh-oh

Oh-oh-oh

She said, "I'm just your type
You're a fighter, you're a mummy with a reservation"
(Yeah-yeah-yeah-yeah-yeah-woo, uh)

I said, "Then cut your ties
Send 'em packing on a long vacation"

Yeah

She said, "Thoughts like these don't make money"

So if you want my heart, then babe, you're gonna have to work for it
(Work for it, work for it, work for it)

Ooh, gonna make you work

If you want my love, then babe, I'm gonna make you hurt for it
(Hurt for it, hurt for it, hurt for it)

Ooh, gonna make you hurt

Oh-oh-oh

I'll make you hurt, I'll make you hurt, make you

Oh-oh-oh

I'll make you hurt, I'll make you hurt (Woo)

Oh-oh-oh

I'll make you hurt, I'll make you hurt, make you

Oh-oh-oh

I'll make you hurt, I'll make you hurt

If you want my heart, then babe, you're gonna have to work for it
(Work for it, work for it, work for it)

Ooh, gonna make you work

If you want my love, then babe, I'm gonna make you hurt for it
(Hurt for it, hurt for it, hurt for it)

Ooh, gonna make you hurt
