Days when we'd fight,
We'd fight 'til I would give in
Yeah, perfect disasters
We were reaching, reaching for the rafters

And on most of the days
We were searching for ways
To get up and get out of the town that we were raised,
Yeah, 'cause we were done

I remember,
We were sleeping in cars
We were searching for OZ
We were burning cigars
With the white plastics tips 'til we saw the sun
And we said crazy things like

I refuse to look back thinking days were better
Just because they're younger days
I don't know what's 'round the corner
Way I feel right now I swear we'll never change

Back when we were kids
Swore we would never die
You and me were kids
Swear that we'll never die

Lights down
And we drive and we're drivin' just to get out
Yeah, perfect disasters
Yeah we were swinging, swinging from the rafters

Hey, we were dancing in cars
We were looking for ours
We were naming the stars
After people we knew 'til we had to go
And we were saying things like

I refuse to look back thinking days were better
Just because they're younger days
I don't know what's 'round the corner
Way I feel right now I swear we'll never change

Back when we were kids
Swore we would never die
You and me were kids
Swear that we'll never die

Nights when we kept dancing
Changing all our plans
And making every day a holiday
Feel the years start burning
City lights they're turning
But something 'bout this feels the same

Back when we were kids
Swore we would never die

You and me were kids
Swear that we'll never die

I refuse to look back thinking days were better
Just because they're younger days
You and me were kids
I don't know what's 'round the corner
Way I feel right now I swear we'll never change
You and me were kids

You and me were kids
Swear that we'll never die

I refuse to look back thinking days were better
Just because they're younger days
