

## Rich Love

OneRepublic

I remember talking and drinking what we could find  
Burnin' all those candles and stayin' up through the night  
We'd make reservations for the places we know we'd never try  
But then oh, we found some rich love

I remember feeling broke as a bottle of wine  
I didn't move to the city to count all my pennies and worship the Hollywood  
sign  
She'd say, "Hey man, nice to meet you"  
But she'd take it in one last time  
And I know, cause I found some fake love

Ooh, broke as a bottle of wine  
Ooh, but drink with you all damn night  
Ooh, I'm not trying to trade love  
Cause if we don't find money  
Then what we got honey is just enough  
We got some rich love

She'd say, "Hey man"  
She'd say, "Hey man, nice to meet you"  
She'd say, "Hey man, nice to meet you"  
But she'd take it in one last time

Do you remember dancing? The parties out in the yard?  
We would piss off the neighbors  
They'd eventually call the cops  
And I was saving up for something, hoping life would finally start  
Cause oh, we had some new love

Ooh, broke as a bottle of wine  
Ooh, but drink with you all damn night  
Ooh, broke as a bottle of wine  
Cause if we don't find money  
Then what we got honey lifts it up  
We got some rich love

She'd say, "Hey man"  
She'd say, "Hey man, nice to meet you"  
She'd say, "Hey man, nice to meet you"  
But she'd take it in one last time

We're broke as a bottle of wine  
Oh, we're broke as a bottle of wine  
Said, we're broke as a bottle of wine  
We're broke as a bottle of wine  
Broke as a bottle of wine  
We're broke as a bottle of wine  
Cause if we don't find money  
Then what we got honey lifts it up  
We got some rich love

She'd say, "Hey man"  
She'd say, "Hey man, nice to meet you"  
We're broke as a bottle of wine  
We're broke as a bottle of wine  
Cause if we don't find money

Then what we got honey lifts it up  
We got some rich love

We're broke as a bottle of wine  
Broke as a bottle of wine  
We're broke as a bottle of wine, bottle of wine  
We're broke as a bottle of wine  
We're broke as a bottle of wine  
Cause if we don't find money  
Then what we got honey lifts it up  
We got some rich love
