

# Take Care Of You

OneRepublic

Some days you're alone, yeah  
Some days this don't feel like home, mm-mmh  
It's not just how we planned it, hey, yeah  
I'm so happy they're throwing stones, no

And I know that you  
Need someone to make it through  
Yeah, yeah, yeah, you know that  
Ooh, days like this I need it too, ooh

So I'll take care of you (take care of you)  
And honey, you'll take care of me too (take care of you)  
It's magic when we do (magic you do)  
So if you ever feel like falling through (take care of you)  
Yeah, I'll take care of you

Woo, you'll take care of me too, oh yeah  
I'll take care of you  
Woo, you'll take care of me too, oh yeah

Some days I don't care, oh  
There are some days I just take it there, oh-oh  
I swear that nothing's wrong  
And I'll pray that you just go along, yeah

And I know that you  
Need someone to make it through  
Yeah, yeah, yeah, you know that  
Ooh, days like this I need it too, I do

So I'll take care of you (take care of you)  
And honey, you'll take care of me too (take care of you)  
It's magic when we do (magic you do)  
So if you ever feel like falling through (take care of you)  
Yeah, I'll take care of you

Woo, you'll take care of me too, oh yeah  
I'll take care of you  
Woo, you'll take care of me too, oh yeah

And I know that you  
Need someone to make it through  
Yeah, yeah, yeah, you know that  
Ooh, days like this I need it too, I do

So I'll take care of you (take care of you)  
And honey, you'll take care of me too (take care of you)  
It's magic when we do (magic you do)  
So if you ever feel like falling through (take care of you)  
Yeah, I'll take care of you

Woo, you'll take care of me too (yeah, yeah, yeah)
