

I'll take my time, sail away  
No comfort, I will find today  
I'm close to still  
I've prayed for peace come fill this head  
these crazy seas will drown me dead  
But I've learned to swim  
Now I'm jumping in

Ohh you could say this heart is strong enough  
yeah you could say  
I'm afraid this heart will never give up  
so I wait and I wait

Not far to go  
ocean crossed  
titanic storm  
but I'm not lost  
beneath the ice  
I've paid the price  
oohh

you could say this heart is strong enough  
yeah you could say  
I'm afraid this heart will never give up  
so I wait and I wait

I rode the sevens  
paid the house, now I'm overdue  
it's true  
just put a letter in my box say it's all for you  
all for you  
for you..

You could say this heart is strong enough  
well you could say  
I'm afraid this heart will never give up  
say I wait  
You could say this heart is strong enough  
yeah you could say  
I'm afraid this heart will never give up  
so I wait and I wait..
