

# Sleep

OneSideZero

I kissed upon your lips this morning  
As I moved softly and pulled away  
Wonder if you know that I  
Stand silently keeping an eye, on you

Someday you'll find love  
Someone to know and hold  
Before you're gone

A kiss that I missed this morning  
I'm standing faceless in the rain  
Was anyone supposed to know  
How deep this feeling would go  
Rain brings me back again

I wonder if you really knew  
How hard it is to say this to you  
I - will never let go

Someday you'll find love  
Someone to know and hold  
Before you...

Tell me of your life before you fell, you fell  
What's the worst that you could say to me, set me free

Someday you'll find love  
Someone to know and hold  
Before you...

Someday you'll find love

Someday you'll find someone to love
