I'm in a sinsegye mode on
Nothing to be afraid and I keep goin' on
Run it, run it like you stole it
Running over hormone, uh
Who'll stop me, cash cow, spirit of challenge
I'm like Hwang Jung Min

Put your hands up to the sun
Worship me and pray to me
Train them my way style up
I'ma gonna crash in, go in as I'm to it
With one look feel it out
Ja deombyeo, bring it on
Reach out your hands harder with the fist clenched out, woah-oh-oh-oh
I don't care if you all come at me now
As soon as you come out

Deombyeo bring it on
Don't you block the way I go (Bring it on)
I'ma prove it, yeah, it's my goal (deombyeo, bring it on)
Baby, I'll always keep it up
Let's go crazy, let's burn it up

Da deureowa deureowa deombyeo
Do or do or do or do or die
Da deureowa deureowa deombyeo

Break up the bad manners
Walking down with mock answers
I ought to teach the losers
Deureowa deureowa deureowa, yeah (Ra', flame)
Those that living a cocky life drives me crazy, move it (pak ssi)
24/7, I dream the goal with ambitions like a movie
If you're my brother, deuruwa, I am gonna beat all of you, true
