

# Montage\_

ONEWE

Hoping you flow in my light sleep

The pieces of the broken scene, let's count them one by one  
I'm trying to assemble the blurred montage, set back  
The fine line in between the dream and reality  
I hope you come and stay with me, won't you?

You know what  
When I open my eyes, you keep coming up  
Even on this night, when I really miss you  
It's hard for me to go to sleep  
Even though it's all a lie  
Please come closer to me  
North, south, east, west, love lost on the road  
Lost in my dreams

Although the night fades away  
With all my love, I'm telling you  
Between the sky and the clouds  
Just when it shines on us  
And no matter where you look  
I'll be standing right here for you  
You can come and find me whenever

Yeah  
Yeah (Hey)

Remember me, last night your smile trapped me away  
Can't get over it, away  
Stir my hands, wave, I won't let you go  
The safari, midst of thoughts, oh, yeah  
Love me again like the way we've always loved each other  
Let me be yours and only yours like the daybreak  
The night we spent, tonight, it's not too late  
Hoping you flow in my light sleep

You know what?  
When I open my eyes, you keep coming up  
Even on this night, when I really miss you  
It's hard for me to go to sleep  
Even though it's all a lie  
Please come closer to me  
North, south, east, west, love lost on the road  
Lost in my dreams

Although the night fades away  
With all my love, I'm telling you  
Between the sky and the clouds  
Just when it shines on us  
And no matter where you look  
I'll be standing right here for you  
You can come and find me whenever

Early morning, where your traces are left  
I filled the locks of the dreamy dream just for a moment, yeah  
On a night I was lost, you held onto my hand  
Before everything disappears again

Woah, ooh

Although the night fades away  
With all my love, I'm telling you  
Between the sky and the clouds  
Just when it shines on us  
And no matter where you look (Ooh-ooh, ooh-ooh, ooh)  
I'll be standing right here for you  
You can come and find me whenever
