

# Rain To Be

ONEWE

I looked up at the sky, silent with no words  
Sending my signs to you, with folded hands  
If I see you, if I could see you  
Flowers will bloom on this barren land

The peace before typhoon falls to ground  
I whisper to break the silence  
In the end, to find you who fill here all around

And it's starting to rain  
Looked out the window then  
You're already waiting for me over there  
Heaven, please hear my pray  
Don't wanna lose you again  
A fateful encounter  
For the inevitable love we have

Na-na-na-na, na-na-na  
Na-na, na-na-na-na, na-na-na

The days I'm dying to see your face  
Always used to soak down this place  
For me, you always opened the ground  
That is in middle of the road of dawn  
Raindrop's falling and flowing through my collars  
Seeping with all of my memories  
The days I meet with you will always be  
It will be in the place where raindrop falls down

My heart is just waiting for you and  
Fills up as it reaches the sky  
To find you here in this place all around

And it's starting to rain  
Looked out the window then  
You're already waiting for me over there  
Heaven, please hear my pray  
Don't wanna lose you again  
A fateful encounter  
For the inevitable love we have

Na-na-na-na, na-na-na  
Na-na, na-na-na-na, na-na-na

Ttug ttug  
Finally, sun shower begins to rain  
Took a glance at the raindrops on my shoulder for nothing  
Ttug ttug  
Now reflected on the water  
Hidden deeply my February inside the veil of this world

The days when I'm dying to see your face  
I used to wait for the rain to begin  
Though it may be a twinkle of an eye  
If I could place you in my eyes, don't mind

And it's starting to rain

Looked out the window then  
You're already waiting for me over there  
Heaven, please hear my pray  
Don't wanna lose you again  
A fateful encounter  
For the inevitable love we have

Na-na-na-na, na-na-na  
Na-na, na-na-na-na, na-na-na

It's raining back again  
The place that I will go  
You already look at me with a smile again  
Today I spend the day  
For each moment we have  
What a fateful moment  
Another inevitable day
