My tears are falling yet again
Under the weaving tree shadows
Drowned by the sound of the wind
I try to call out your name
Ending every day with those memories and feelings
Regretting and starting to laugh
Until I eventually retract

I must not be over it
Can't seem to go on, I
Still can't believe that you're gone
Can't fill this void
I stand here again, waiting
Still has to be you
I know that's true
May have pretended otherwise
But I can't hide it
Someone that knows everything about me
Growing apart, I must be missing you

You were right about me crying because of you
I get it now
I was unaware, and regretful now
I'm missing you again

I must not be over it
Can't seem to go on, I
Still can't believe that you're gone
Can't fill void
I stand here again, waiting

Reminiscing about the times we were together
I'll contain myself once I recollect you

I must be missing you
I know that's true
I might become a complete mess
What can possibly change?
What can I possibly do?
Will you return if I do?
Still has to be you
I know that's true
May have pretended otherwise
But I can't hide it
Someone that knows everything about me
Growing apart, I must be missing you
