I wanna run to you
All my senses are looking for you right now
When my heart speaks of the truth
My head stops and I can only see you

What is going on right now?
Am I allowed to be like this?
Even these thoughts feel like it's too much
I don't know if you'll believe me
But I can only be complete
When I have you

You complete me
Each piece of my dream is you
You complete me
I'm dizzy, please hold me
Don't say anything else, now I'm crazy

Baby you special
You make me feel complete girl
Baby you special
You make me feel complete ay

I can't sleep at night, the empty spots in my heart keep increasing
Come in and fix me, right now I'm incomplete

When your eyes reach me
Feels like the earth has stopped turning for a moment

I even start to think
Have I become
Some sort of experiment?
I don't know if you'll believe me
But I can only be complete
When I have you

You complete me
Each piece of my dream is you
You complete me
I'm dizzy, please hold me
Don't say anything else, now I'm crazy

I've never made this kind of face before
Even I'm amazed at myself
I even start to think
Maybe you're the one who created me
You complete

You complete me
I want to give you a breathtaking hug
Don't say anything else, now I'm crazy
