On and off □□ □□ □ □□ □□
On and off just on and off
□ □ □□□ □□□□ I'm yours

On my body and my heart
There seems to be a switch that you hid somewhere
Up and down, my mood is controlled by you
What do I do?

I go on and off, you turn me
On and off, turn me on and off
On and off, each minute, each second, every moment
You're like my master

You're my producer
I trusted my all to you

Make me into your man, I'm yours

Blink blink, you turn me on and off
Even when it's night, you surprise me
By doing whatever you want with me

Dance and sing, if you want it
I can do it, whenever

I go on and off, you turn me
On and off, turn me on and off
On and off, one day, two days, one month, two months
It's like I'm your robot

Plug and play
On and off on and off

You're my producer
I trusted my all to you
Make me into your man, I'm yours

It's weird, what's wrong with me?
Sometimes, I don't understand
What is this feeling? I can't control myself, please hold me

Blink blink, you turn me on and off
My fingers, toes, hair, you make me tremble

I go on and off, you don't know
I move for you, only for you
On and off, without you, my existence becomes meaningless
Like shooting the caffeine
On and off wow
I'll only be a light for you, to shine brightly on me, I'm LED
You're like my master, flip the switch
Just on and off

On and off, when I'm alone, I can't do anything
On and off, without you, I'm nothing
On and off just on and off
Make me into your man I'm yours
