You always push me away
Always making me nervous
Words I wanna say at the tip of my tongue
But I just swallow it up
I'm used to it

Your heart is dangerous
Your smile makes me uncomfortable
Behind the mask, you are crying
I can't look at you anymore, jerk

Show me
What you've been hiding
Come out from your exterior
No need to be afraid

Time is always the same for everyone
It's too precious to live as a lie

Original wa woo woo
Original wa woo woo

The world is smaller
And you're bigger than you think
Don't hide it, show me everything
Just as you are

Why so serious?
Trapped in your own world
You're spinning and getting lost
You always be like that

You pretend to be okay
Pretend that it's annoying
But I know it's not, I know you're in pain
I can't look at you anymore, jerk

Slowly get up
Follow me, follow me
Take a breath, let it out
No need to be afraid

Time is always the same for everyone
It's too precious to live as a lie

Original wa woo woo

Ah yeah JY
The world wants to be colored with limitless colors
Everyone can shine endlessly
Red yellow green uh
The picture you painted, that's all you need
Take off that mask that covered your eyes
Unlock your locked heart
No one cares about us, just dance
